ABOUT GREEN WASTEPRO

With our headquarters in Dar es Salaam, **Green WastePro Limited** was established in 2011 to provide superior solid waste management, Recycling, landscaping and environmental solutions. The company aims to provide unparalleled environmental friendly services by using specialized waste collection and road sweeping equipments. We are committed towards protecting the environment and untiringly working with communities and corporates to make the world a better, cleaner and greener place to live in. With an extensive fleet of vehicles designed to suit different requirements, we specialize in collection, transportation and disposal of any kind of waste. We customize our solutions based on our client's unique requirements. We focus on three main aspects in the conduct of business i.e. SET (Service Environment Technology)

Service: We value our clients and it is for this reason we have made it our paramount objective to provide exemplary services.

Environment: We say a big YES to sustainable environment activities and are dedicated to provision of environmental solutions.

Technology: We apply our resources in research to ensure that the services provided are technologically sound and eco-friendly.

MISSION VISION & VALUES

Our mission, vision, and values makes clear the goals we want to achieve, the direction to reach the goal, the means to attain the goal and defines who we are. The alignment of these objectives ensures that we always focus on the same goals.

MISSION

- To promote continual improvement in the quality of life.
- To ensure that the living environment is pleasant.
- To make a dramatic difference in the life of the communities we engage in.

VISION

“Think green”

This guides all what we do. Our thinking, operations and intentions to deliver on our mission.

VALUES

- Health: Secure a healthy future for all
- Innovation: Continuously improve
- Excellence: Be the best
- Partnerships: Optimize opportunities for quality
- Responsibility: I am accountable
- Commitment: It is not done until the client says it is
- Synergy: Tap the strength of all
- Quality: All we do, we do to perfection

WHY GREEN WASTEPRO

ROAD SWEEPING SERVICES

We offer premier road sweeping and jetting equipments. We provide public street cleaning, large industrial areas, resorts, etc. Our road sweepers offers a lot of advantages over manual cleaning. When dealing with larger areas manual sweeping can take days and by the time it is done, the earlier place is messy again. By using our specialized equipments, sweeping is gentler, faster and efficient. With a vast experience in the service industry, **Green WastePro** incorporates state of the art machinery with proven reliability. Our service is provided by a team of professional individuals. From the first call you make to the last sweep of the brush, our committed team know how to get the job done on time and on budget.

RECYCLING

From “Think Green” comes “Act Green”. This is how we turn waste into a resource and putting sustainability at the core of our business.

We are committed to making recycling easier, more efficient and more productive with single-stream recycling. In this simple and efficient method, all recyclables are mixed together in one collection bin which makes disposal easier to our clients and businesses.

Recycling provides universal benefits - maximizes resources and improves quality of life

EDUCATIONAL AND AWARENESS CREATION

We engage ourselves in creating awareness within the community, schools and the society as a whole on environmental preservation and interdependence, a chore undertaken by our team of highly experienced staff. We have been conducting “Major Cleaning Campaigns” in Ilala District since 2012 and have seen tremendous improvement in public littering attitude and environment protection as a whole.

COMPLIANCE

We make every effort to maintain or exceed compliance with environmental guidelines i.e We comply with both international and local laws regulations and guidelines concerning solid waste management act. **Green WastePro** keeps its leadership position through excellence both in technology and quality, innovation to its products and services. We always strive to deliver beyond our clients expectations. We believe in maintaining high standards in all Quality, Health, Safety and Environmental practices by everyone who works for or with us. Accordingly, we expect our customers and associates to share our values and goals.
